

The SECOND Trial Mentorship Network

Mentor Recruitment

The SECOND Trial, in partnership with the AAS, has access to over **100** surgical mentors to support general surgery residents nationally.

We train our mentors in...

Peer Support

Crisis Management

So they can support mentees in...

Family Planning

Mistreatment

Career Planning

Being a Minority in Surgery

Being a Woman in Surgery

Work-Life Balance

Many more!

Representation Matters:

Many residents have mentorship needs that their home institutions are unable to fulfill, so we're always looking for more diverse mentors! Some highly requested attributes are...

- Mentors of a minoritized race or ethnicity
- LGBTQ+ or Ally Mentors
- Mentors within a subspecialty (e.g., vascular, plastic surgery, global, etc.)
- Women in surgery
- Mentors comfortable talking about mental health
